Dedication

To Mrs. Irma Jennings we, the class of 1961, dedicate this yearbook in earnest appreciation of all she has done for us, both in class and out.

As a teacher she has worked us hard so that we can take our place in the world.

As a friend, she has been just that. For all this we thank her and hope that this will, in some small way, help to show our gratitude to her.

Editors Message

We, the yearbook staff, in a year filled with activities, have endeavored to record these events in a manner that will make them more memorable.

Among the changes in this year's book can be found events recorded in chronological order and a supplementary section, another first for Crystal City High School.

I thank my staff and Mr. Donald Hickman, our sponsor, for all the hard work they have done to make this book complete and, I hope, a success.

To you, the readers, we hope this book brings you many happy hours of reading and reminiscing.

ADMINISTRATION

The Board of Education donates many hours of their own time to the administration duties of the school system. Their major project this year was the planning of a new elementary school building. This entailed a multitude of tasks which included the securing of an architect, publicizing the bond issue, sitting through long hours of planning sessions on the many detailed problems concerning the erection of a new elementary school building. The members are from left to right: Mr. Zeno Fults, Mr. Henry Coffelt, Mr. Boston Richards, Mr. Leonard Dodd, Mr. David Max, Supt; Mr. Nelson Thusen, Dr. Ray Weible, and Mr. Walter Perry.

Securing voter support for the \$450,000 school bond issue was the important role played by the Crystal City Parent Teacher Association. The PTA organized committees to ring doorbells and telephones to get out the vote. Their efforts were well rewarded when voters overwhelmingly approved the bond issue.

The following officers are shown in executive council planning session which met prior to the regular monthly PTA meeting. Left to Right: Mrs. Boston Richards, Jr., Program Chairman; Mrs. Anthony Bova, Recording Secretary; Mr. Merlin Kearns, President; and Mrs. John Musgraves, Corresponding Secretary.

Mr. David P. Max, superintendent of the Crystal City Public Schools, can always be depended upon to see that everything is done so the students will receive the best education possible.

Mr. Edward Rapp, principal of our high school, has proved to be a friend and a trust-worthy advisor to all. In the years he has served Crystal High as teacher and principal, he has gained the respect and loyalty of all who know him.

Mr. Elmo Masters, Counselor of Crystal High, gives all the help he possibly can to the students of our school.

Mrs. Harriet Vinyard, secretary to the superintendent, is one of the many "behind the scene" employees who keep our school running smoothly and efficiently.

Louise Visnovske, secretary to the principal, is always willing to give friendly and sincere advice to any student needing it.

Louise is very well respected and admired by all who are fortunate enough to know her.

From left to right are Sandy Basler, Rose Ann Mechelhoff, and Karen Fisher. These are some of the office girls who assist Miss Visnovske in her many duties.

Paula Magre, Janet Huckie, Joanne Vaccaro, and Sharon Ponzar also help Miss Visnovske in her busy day.

Faculty

Mrs. Clyde Hamrick, teacher of shorthand, book-keeping, and secretarial practice, and Mr. Donald Hickman, teacher of typing, and basic business, are pictured above with our newly-purchased transcribing machine.

Mrs. Golah DeWitt, our home economics and special science teacher, is pictured above.

Mr. Donald Panhorst, pictured below is in charge of our band and junior chorus.

Mrs. Irma Jennings, a member of our English Department, can be seen teaching English III, and special English. Miss Virginia Burns, pictured to the right, can be seen teaching speech, English II, and English IV.

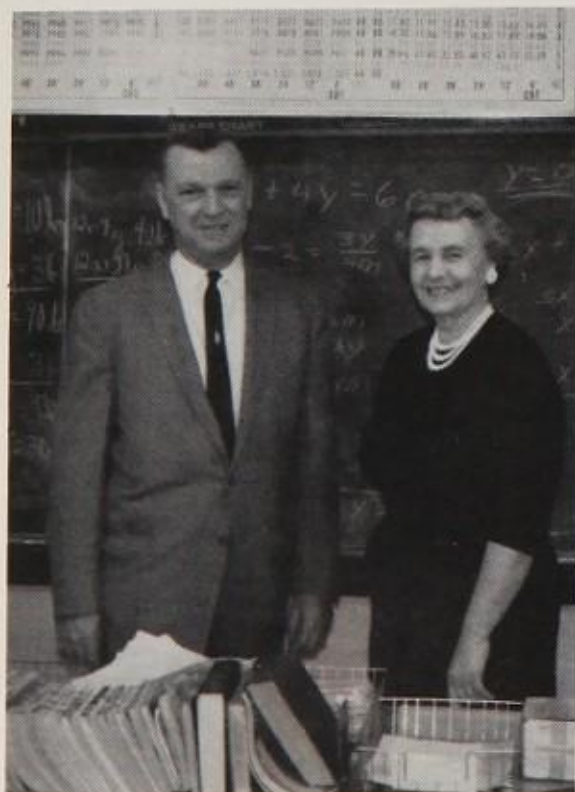

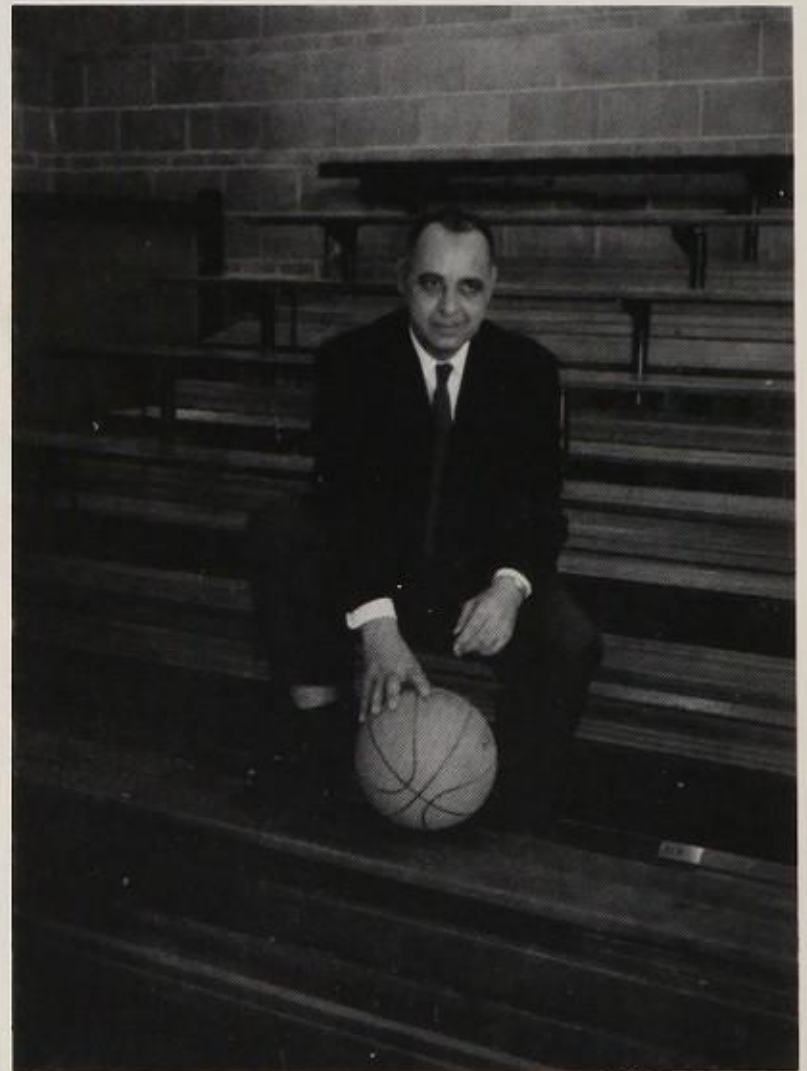

Preparation for citizenship is the theme of these two teachers.

Mr. William Bogue, teacher of American History, and Contemporary issues, is pictured to the left. Miss Ethel Holdinghaus, teacher of World History and Citizenship, is pictured to the right.

Coach Arvel Popp has helped our boys win many of their games in the years he has been at C. C. H. S. He has also taught them the art of being a good loser.

Introducing the world of computational skill are:

Mr. Paul Browning, teacher of algebra, geometry, and general math, is pictured to the left.

Miss Marjorie Oechsle, pictured to the right can be seen in the algebra, trigonometry, and Algebra II classes.

Miss Harriet Stanley, our girls' physical education teacher, has proved to be an added "something" in our faculty.

Mr. Richard Berry, pictured to the left, can be seen in the shop and drafting classes.

Mr. Paul Cook, seen in study hall, C.O.E., and wood-work, is pictured to the right.

Mr. William Young, our drivers' education and physical education teacher, is pictured in our drivers education car.

Students Prepare For The Future

Although the high school yearbook is filled with the pictorial recording of many fun-filled events which take place outside the classroom, the primary objective of high school is to meet the educational needs of the students.

The typical student finds himself occupied with a six-hour school day, which offers a variety of over 50 units of study to choose from. In order to graduate, a student must earn a passing grade in 17 of the 50 units offered by the school. Ten of the 17 are required subjects, while seven are elective.

Our school continued to maintain the highest rating (AAA) awarded to secondary schools by the Missouri Department of Education. In addition to meeting state requirements, Crystal City High School is recognized nationally through its membership in the North Central Association of Secondary Schools and Colleges.

Are we achieving our purpose of meeting the educational needs of our students? This question can only be answered by the success our graduates make after leaving school. In recent years approximately one-half of our graduating seniors continued their education by attending college. As this yearbook went to press, five members of our 1961 Senior Class had received scholarships to our state university, and fifteen other seniors had been given scholarship honors.

Shop: Projects large and small are designed, blueprinted, and finally created in our industrial arts classes. Mr. Cook is shown supervising the finishing touches of upholstery work on this footstool.

Home Economics: Preparing young ladies to operate the modern household in a business-like manner is the goal of the home economics department. A practical art course, it is considered a necessity to the homemaker.

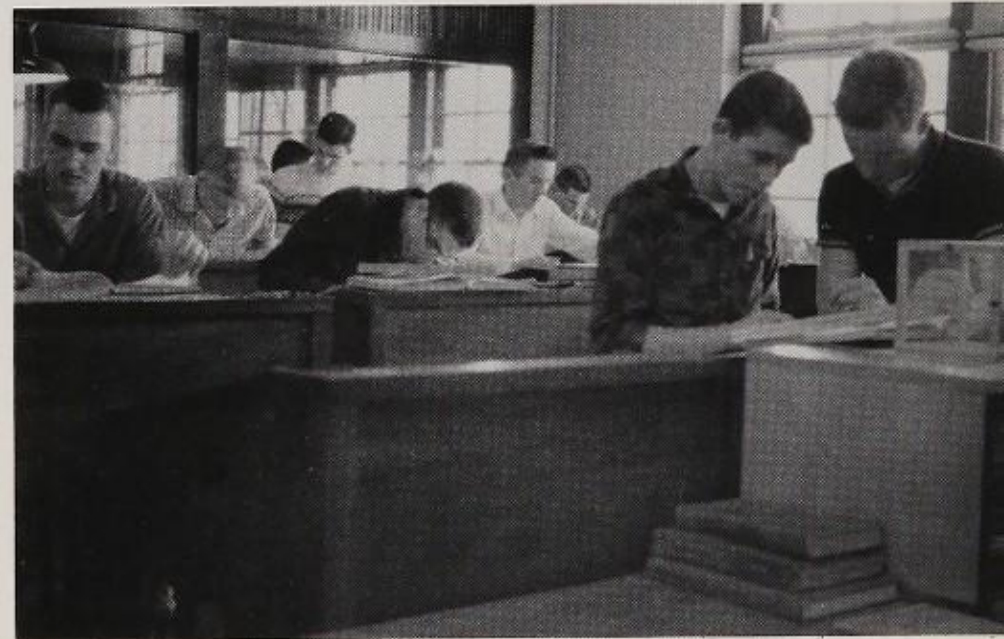

Typing is a universal subject which the majority of students include in their course of study. A typing student soon puts his new-found skill into immediate use in typing history and English papers at Crystal. Students shown in this picture are taking a timed speed-writing.

Through A Purposeful Curriculum

Not all learning takes place in the classroom. Students who participate in the Cooperative Occupational Education program learn special skills in a school-industry coordinated apprenticeship program. Marilyn Roth, A COE student, is shown proofreading news copy at the "Press-Times" office.

Boys with an eye toward the future in engineering, design, and construction learn their basic principles in this elementary drafting course.

Learning to use the facilities of a well-stocked library is an important factor in the education of English IV students.

Homecoming Parade

"Slide to Victory", theme of the Pep Squad float, showed both hard work and imagination as it brightened up our parade.

The Crystal City Marching Band kept the parade in a rhythmic step as it set the mood for the viewing public.

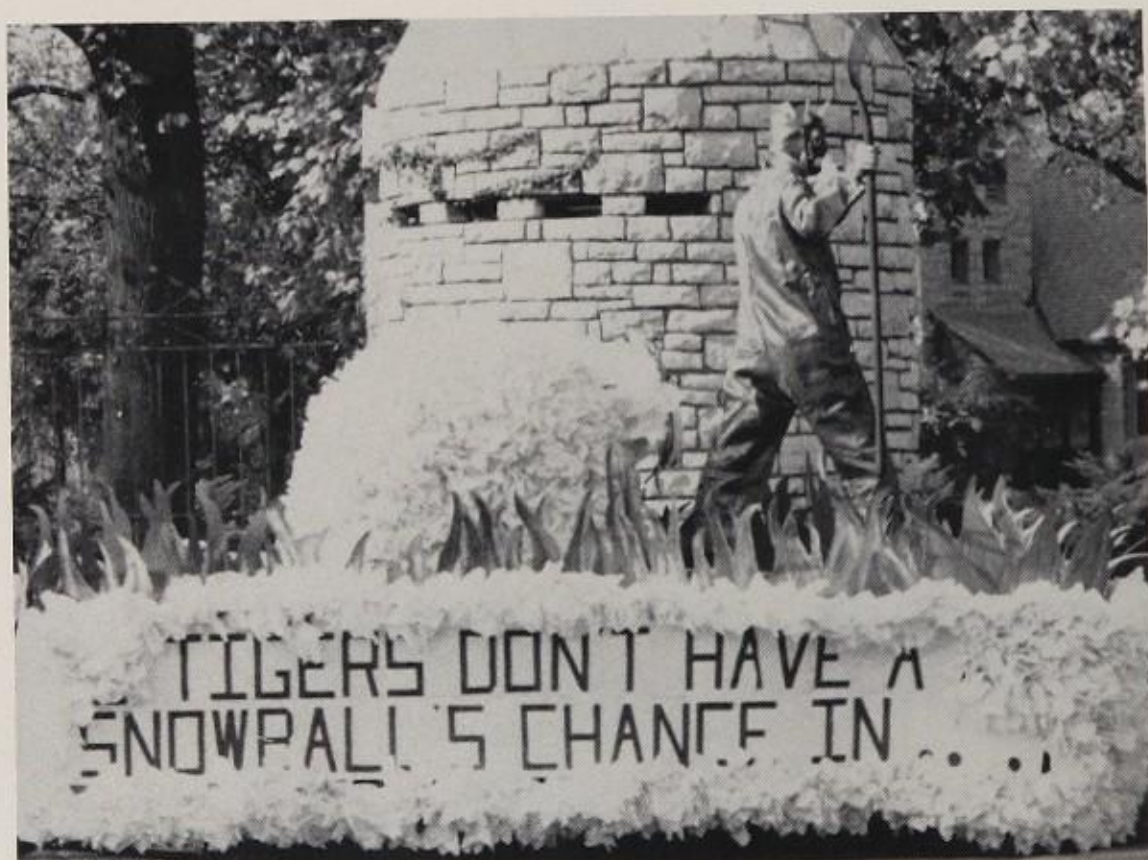

The C.O.E. Club took first place with their float and the appropriate theme, "We're Laying For 'Em."

"Let's Check 'Em Off Our List" was the theme of the second place float which was entered by the Library Club.

The Honor Society, whose float won third place, had as their theme, "Tigers Don't Have A Snowball's Chance In . . ." Their entry shows what all-round students in are this organization.

The Senior Class of Crystal City High School presented its annual play "You Can't Take It With You," a comedy in three acts by Moss Hart and George S. Kaufman. The play was a resounding success with standing room only the second night.

The kind of life led by the members of the Sycamore family included Martin Vanderhof who owed twenty-four years of back income tax; Essie, twenty-nine years old, who had been taking ballet lessons for eight years; and her mother, Penny, in her early fifties, who had been writing plays for that same number of years. Life flowed easily for this unique family, until Alice, the younger daughter, fell in love with Tony Kirby, Jr., the vice-president of Kirby and Co. Alice was afraid of what would happen when the rich and proper Kirby family met the Sycamore family.

On these two pages are shown some of the various characters found in "You Can't Take It With You."

Student Council, As Host To State Convention, Climaxes Active Year

This year the Student Council, under the leadership of its president, Bill Bradley, and its sponsor, Paul Browning, undertook many projects. The most outstanding of these was the State Student Council Convention held at Crystal City High School, March 17 and 18. Pictures showing what happened at the convention will be found in the supplementary section.

At left are shown the officers of the Student Council. They are Sandra Therrell, secretary; Mildred Landes, corresponding secretary; Lyle Mall, treasurer; Jim Slaughter, vice-president; and Bill Bradley, president.

Freshmen Are New Faces

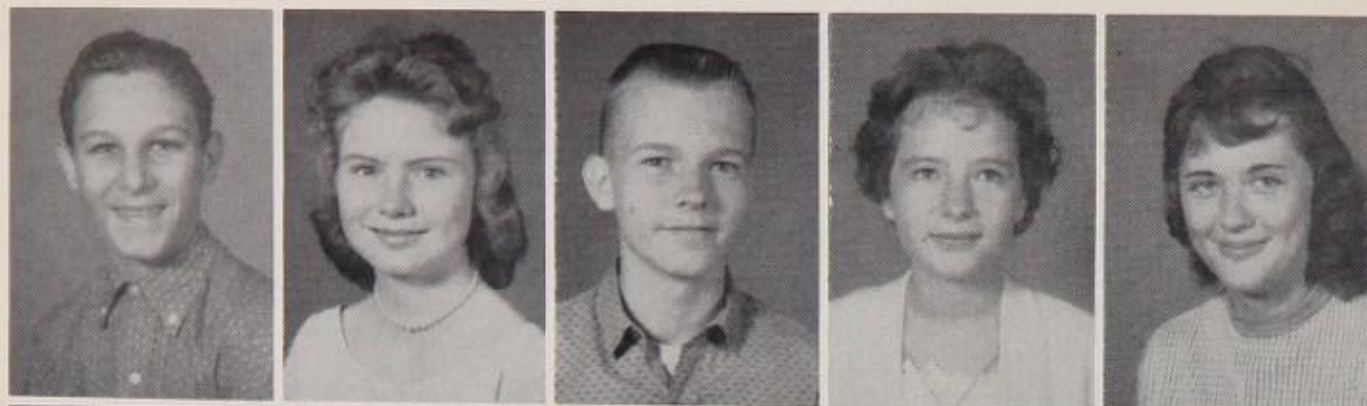

As the first group of officers of their class, Lynn Haley, secretary; Ralph Wildy, President; Laura Crowe, treasurer; and Donna Ehlers, vice-president, have to set the standards for their class. It is in their first year that a class shows its true nature.

At their first social gathering the freshmen get to know each other when the Student Council sponsors a party just for them.

When the freshmen need advice or help with a class project, they can go to their sponsors. This year's freshmen have Miss Marjorie Oechsle and Elmer Smith to help them out.

Bill,
It has been nice
having you in most
of my classes. I hope
you and Mr. Stewart
get along. Good Luck in
the future.

Well our year at
sophomore is about
over - We really had
fun - I didn't realize
I had a lot of fun this
year - You and I
I mean - I know
you to a real swell guy -
Charlotte

Bill,
I'll always remember
our - sophomore day - working
on the float while trying to
memorize poetry for Mr. Stewart
looking up facts about Hitler in
World History, trying not to laugh
at "Sleazy" in English, and holding
our tongues in Chorus. I'm sure you
croaked. If we have as much fun next year
as we have this year I hope our next year
will all be better than this year's.
Although I love soaking you with water
before World History I think you are a real
swell guy, one I have a lot of fun with.
Good Luck
Jo Ann Whatmeyer
(Monkey)
P.S. Be good, if it's
possible.

Bill,
Lots of Luck in
football next year. Remember
the important thing is not
how you play the game
but if you win. Have
all the fun with those
at school. You can here
Best wishes Always
Dany August

I guess by now you know how I feel about you. So there isn't much I can say.

I hope we will see a lot of each other this summer.

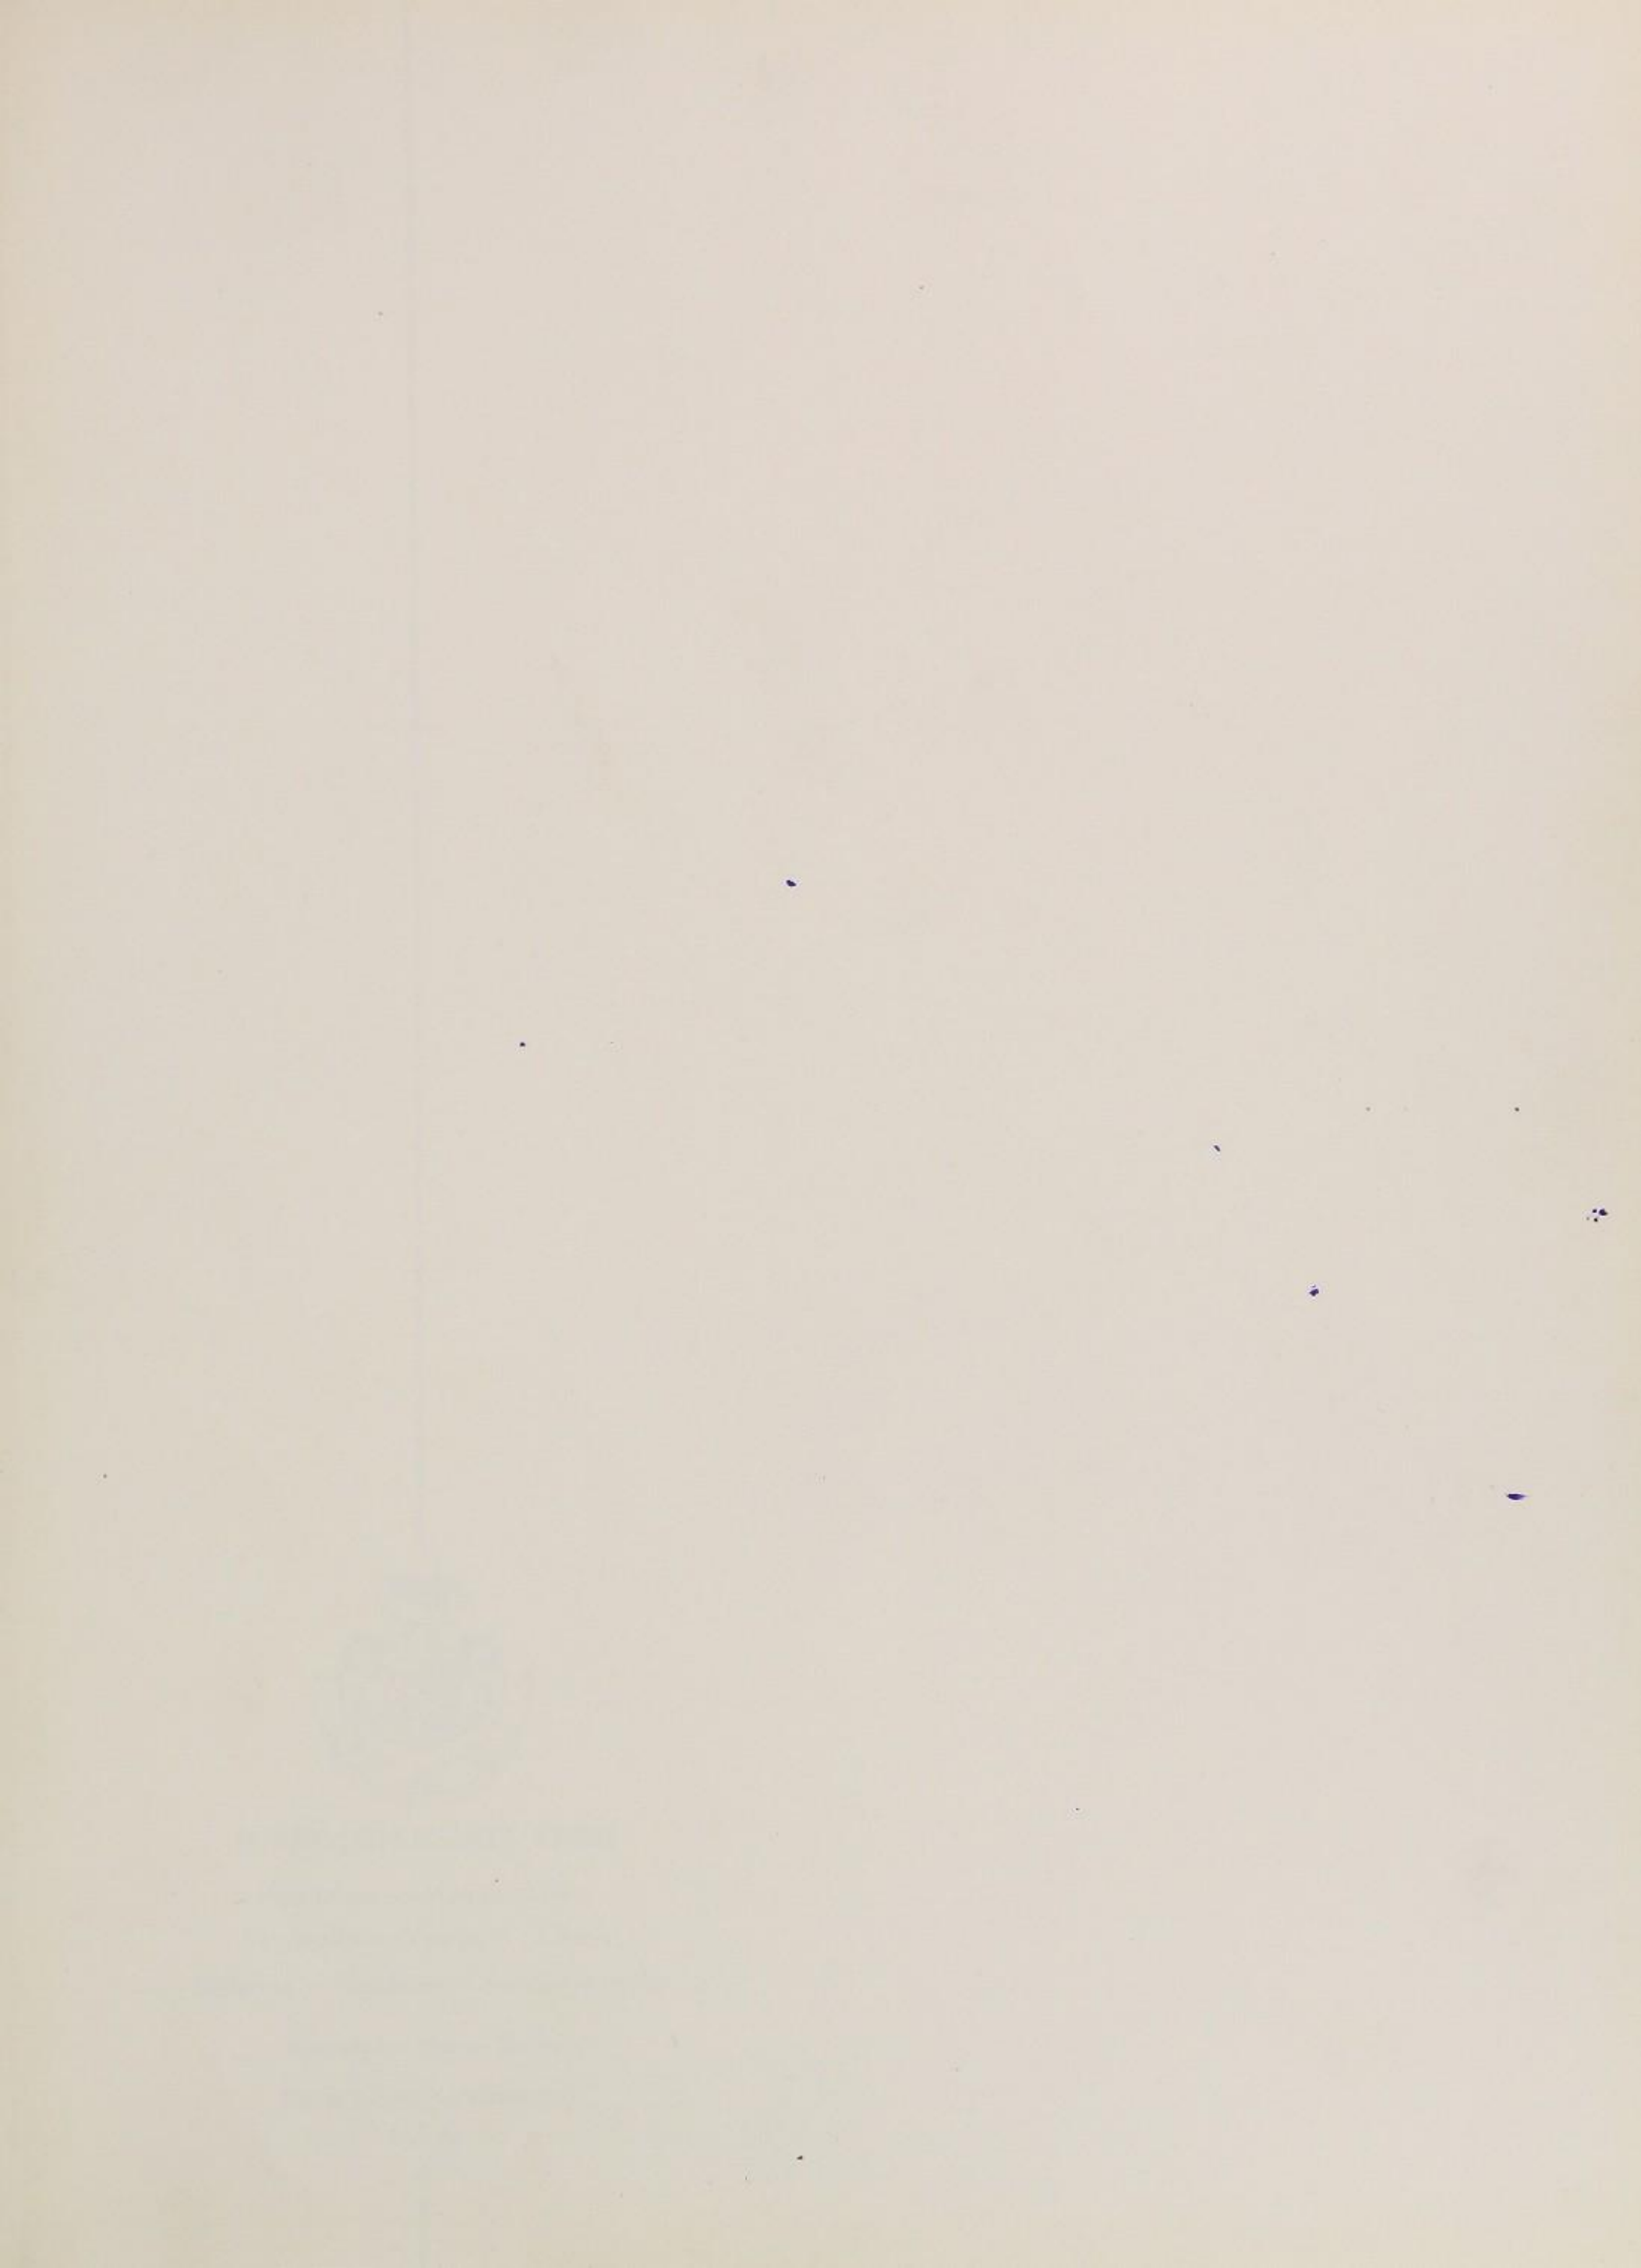

Remember the fun we had together, and don't forget the Festus game, don't forget the Y dance, I never danced so much. Some might have thought I did, but I didn't (did I?). Remember all the laughs and personal jokes we had together (For instance Hay).

Putting all jokes aside, I think you are the sweetest guy in the world. I've really enjoyed this year at school, and all the times we were together.

Stay as sweet and nice as you are.

I wish you the best of luck in all that you do.

Love Always,
Kathy
